

# The Tallye™ Voting System

**QC-101A Voting Station Controller**

Up to 9 voting stations may be connected to the QC-101A module.  
 Up to 15 voting stations may be connected to each QC-115A module.  
 For larger systems, multiple QC-115A modules may be connected together.  
 All modules connect together using standard modular phone cord.  
 A voting system can be completely setup and ready to use in minutes.
