

AP380A0-IRIG-KIT

- Level control provides continuously adjustable signal level.
- Boosts the input signal up to 34dB.
- Up to 1 watt of signal output into an 8 ohm load.
- Kit includes 3ft coax cable and wall adapter.

In the Box

- AP380A0-IRIG IRIG-B Signal Level Booster.
- RC Reference guide
- WD Wiring diagram
- COAX3FT-XXZZ 3ft coaxial cable
- WT12VAC20VA-ST 12V AC, 1200mA transformer

Product

IRIG-B Signal level booster W/ BNC Conn

Description:

IRIG-B Signal Level Booster with BNC Input and Output Connectors.

Item: AP380A0-IRIG-KIT

UPC: 788581657829

EAN: 0788581657829

Stock Status: Usually in stock.

Dimensions: 3.6" x 2.27" x 1.5"

Weight: 2 lbs.

MSRP: \$199.00

Specifications

- 20K ohms input impedance.
- 8 ohm output impedance.
- Power requirements: 10-15VAC or 12-20VDC.
