Interface module with RJ45 jacks for use with an electronic take-a-number system to connect the ticket printer, main controller and wall displays. Includes button module with 16 inputs. Expandable for up to 64 service windows with additional modules.

Item: KTP7X422A-16B

UPC: 788581652732

EAN: 0788581652732

Stock Status: Usually in stock.

Dimensions: 6.75" x 5.25" x 2.32"

Weight: 1.3 lbs.

MSRP: \$775.00

Specifications

- (1) Five RJ45 modular connectors for RS422 serial data to the wall displays.
- (1) Two RJ45 modular connectors for RS422 serial data from the ticket printer.

- (1) Two RJ45 modular connectors for RS422 serial data to the controller.
- (1) Power requirements: 12 VDC, 9 Amps.
- (1) Current drive capability: 9 Amps to external displays, printer and controller.
- (1) Current consumption: 250MA max.
- (1) Construction: Plastic enclosure with a metal front, black powder coated finish.

Features

- (1) Take-a-number system interface module.

Item Includes

- (1) KTP7X422A-16B Take-a-number system interface module with 16 button inputs.
- (1) RC Reference Card.
- (1) WD Wiring diagram
- (1) M8BK003F Cable, 3ft, Cat-5
- (1) Not Included: Controller, printer, displays, buttons, Transformer.

Required Accessories

- (1) WT12VAC1200MA-RA 12V AC, 1200mA transformer
- (1) DC117B6-WAIT1 Take-a-number system controller

Optional Accessories

- (1) DSP502B-NS Large LED wall display
- (1) DSP503B-NS Large LED wall display
- (1) DSP504B-NSW Large LED wall display
- (1) DSP505B-NSW Large LED wall display
